Subject: KPS Names New Site Vice-President

Discussion:

Stephen E. Scace will become the Vice-President – Kewaunee Power Station effective November 1, 2007. Mr. Scace has held numerous positions with Dominion and Northeast Utilities, including engineering manager, operations manager, safety analysis manager, quality assurance manager and licensing director, plant manager, and station director. Most recently, Mr. Scace was on loan to INPO.

Leslie Hartz, currently Vice-President – Kewaunee Power Station, will return to Dominion Headquarters in Virginia as the Vice-President – Nuclear Support Services, assuming direction and oversight of nuclear training, protection services, emergency planning, nuclear licensing, and operations support.
